

## AX'CESS Key Flat UHF, HF/NFC

Former reference : 8432 PVC Key fob UHF, HF/NFC

This PVC key fob is perfect for all environments, including logistics transport, sports environment and exhibitions. Customization, logo, and encoding are available for this key fob. It measures 84 x 32mm and has a Alien Higgs-3 chips.

### Key features

- Ultra High Frequency key fob
- Customizable
- Small size

### Functional specifications

Type	UHF, HF
Frequency	UHF: EU: 865-869MHz / US: 902-928MHz ; HF: 13,56MHz
Standard	UHF: EPC Class1 Gen2, ISO18000-6C, HF: ISO14443A, ISO15693
Chips available	UHF: Alien Higgs-3, HF: on demand
Memory	UHF: EPC 96bits (Up to 480bits), USER 512bits, TID64bits
Data retention	UHF: up to 50 Years
Write Cycles:	UHF: 100,000 times
Functionalities	UHF: Read/Write

### Physical specifications

Dimensions	84 x 32mm / hole: 8mm
Material	PVC
Printing	Color printing
Color	White

### Environment and industry compliance

Application field	Logistics Transport, Pool, Fitness Center, Spa, Ski Pass, Library, Waste disposal, Access Control, Events ...
Operating temperature	-25°c to 50°c

V2.0  
Non-contractual datasheet
