

AX'cess Key Flat UHF, HF/NFC

Former reference : 8432 PVC Key fob UHF, HF/NFC

This PVC key fob is perfect for all environments, including logistics transport, sports environment and exhibitions.

Customization, logo, and encoding are available for this key fob. It measures 84 x 32mm and has a Alien Higgs-3 chips.

Key features

- Ultra High Frequency key fob
- Customizable
- Small size

Functional specifications

Type	UHF, HF
Frequency	UHF: EU: 865-869MHz / US: 902-928MHz ; HF: 13,56MHz
Standard	UHF: EPC Class1 Gen2, ISO18000-6C, HF: ISO14443A, ISO15693
Chips available	UHF: Alien Higgs-3, HF: on demand
Memory	UHF: EPC 96bits (Up to 480bits), USER 512bits, TID64bits
Data retention	UHF: up to 50 Years
Write Cycles:	UHF: 100,000 times
Functionalities	UHF: Read/Write

Physical specifications

Dimensions	84 x 32mm / hole: 8mm
Material	PVC
Printing	Color printing
Color	White

Environment and industry compliance

Application field	Logistics Transport, Pool, Fitness Center, Spa, Ski Pass, Library, Waste disposal, Access Control, Events ...
Operating temperature	-25°c to 50°c
